BRUSH PARTY

Volunteers are the lifeblood of the Nooksack Nordic Ski Club and the Salmon Ridge Nordic Ski and Snowshoe Trails. Neither would exist if not for their efforts. Quite a bit of work was done this fall, with a special focus on the snowshoe trails. We'd like to thank the many NNSC members, Mt. Baker Club members, and others from the community who worked on the trails this past October and November. The hard worker list includes: **Bea Acland, Herm Bakke, Dick Etter, Keats**

Garman, Gail Garman, Melody Ghirardini, Kate Kimber, Aaron Knapp, Kathleen Laughlin, Bill Laughlin, Bob Lemon, Chris McPhee, Wendy Nichols, Joe Nolting, Lynne Oliver, Jim Rhodes, Titi Ringstrom, John Sarich, Dianna Sarich, Walter Schlim, Cheri Somody, Gerry Thompson, Meg Tryon, Pete Tryon, Jennie Tuckerman, and Steve Tuckerman.

**Thanks
Jim Rhodes**

SALMON RIDGE TRAILS REPORT

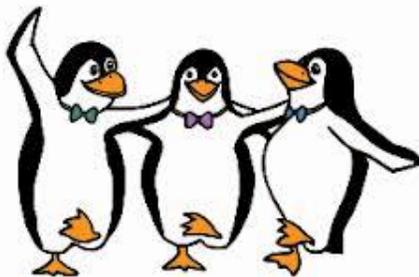

The trails are in great shape thanks to all the volunteers and work parties held this fall. Razor Hone, Cougar, and the White Salmon Roads were mowed. Drainage ditches and culverts were cleared. The ponding in the groomer turn-around area, at the east end of the bridge, was drained. There were many trees that were pressing in on the trail shoulders along Razor Hone Road and Anderson Crk Road, that were cut back and cleared. Brush was cut and cleared away around the trail heads. And we did lots of work clearing the snowshoe trails and adding trail markers to make them much easier to follow. The Huckleberry route now has a new easier access off RZ that isn't so steep. The big trail head sign board at the head of Razor Hone was repaired and reinstalled. And Pete is working on installing new trail junction signs. We still have one more work party to install signs and the sanican base, but already volunteers have contributed over 217 hours of work! I especially want to thank the Mt. Baker Club for joining our work parties and helping to pull this

all off. Here's a list of those who volunteered: **Bea Acland, Hermod Bakke, Dick Etter, Keats and Gail Garman, Melody Ghirardini, Kate Kimber, Aaron Knapp, Bill and Kathleen Laughlin, Bob Lemon, Chris McPhee, Wendy Nichols, Joe Nolting, Lynne Oliver, and to Jeff, Jim and Sue Rhodes, Titti Ringstrom, John and Dianna Sarich, Walter Schlim, Cheri Somody, Gerry Thompson, Pete and Meg Tryon, Steve and Jennie Tuckerman.** Also a special thank you to Jim Rhodes for his many years as fellow **Salmon Ridge Coordinator and crew leader.** It takes a lot of work and dedication to keep the trails in shape. Thank you all for your hard work and making Salmon Ridge possible

MOUNT BAKER SNOQUALMIE NATIONAL FOREST SURVEY ON SUSTAINABLE ROADS

The Sustainable Roads Analysis will help the Mt. Baker-Snoqualmie National Forest gather the information necessary to make future decisions about road projects such as upgrades, closures,

decommissioning, and road-to-trail conversions. **You have until Nov. 30th, 2013 to make your voice heard, then the survey closes.** Go to the website:

mbssustainableroads.com for more information about this analysis and leave a reply or you can click on a link to take the survey. From the survey site, you will find a link to the USFS map of the Mt. Baker Snoqualmie National forest which has highlighted in pink those roads that are undergoing analysis for potential downgrading or decommissioning. Nearly all those off the main highways are highlighted. This situation isn't just about a report. The reality of the road budget decline is hitting the USFS today. **The Mt. Baker-Snoqualmie National Forest has only enough money to maintain about a quarter of its 2,500 miles of roads.** Not only have road maintenance funds been reduced, but other funds they've relied upon in the past have been reduced or eliminated as well. For 2013, the forest's expected funding will maintain only 628 miles of roads.

Maintenance costs are expensive. A rough estimate shows that roads maintained for high-clearance vehicles costs an average of about \$715 per mile, while those maintained for passenger cars cost about \$1,750 per mile. Decommissioning does not just close the road with a gate or boulders – they remove it from service by making it unusable for any activity. So please take a look at this issue and let your voices be heard.

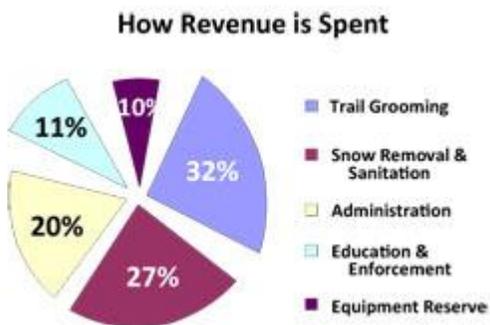

**Thank you
Gail Garman**

BUY A SNO-PARK PERMIT

Don't forget to buy a Sno-Park permit! You'll need one to park at the Salmon Ridge Sno-Park, or across the highway at the Anderson Creek or Silver Fir campground from Nov 1st to April 30th. They are \$40 for a seasonal permit or \$20 for a one day permit, plus \$2 extra if you buy them through a retail store.

The fees you pay help make the WA State non-motorized Winter Recreation program totally self sustaining with no tax payer money needed. Proceeds are used to maintain and improve Sno-Park facilities. They pay for plowing out the Sno-Park, sanitation facilities, trail grooming and signs, mapping, education, enforcement and program administration (see chart). And now you can

purchase them on-line at:

<http://www.parks.wa.gov/winter/nonmotorparks/permits/> and print off a temporary permit for your vehicle, or you may buy them through NNSC, REI, Backcountry Essentials, or at Crossroads Grocery in Maple Falls.

This year, the USFS just got a Sno-Park grant to step up enforcement, so don't get caught without one; the fine is steep! And with the addition of a new Sno-Park this year, there

are now 47 Sno-Parks in Washington where you can use them.

He also wrote, "I am pleased to

LAST WINTER'S TRAIL FUNDING AND EXPENSE REPORT

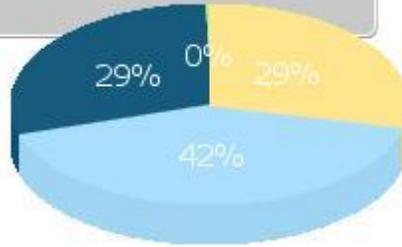

So what does it take to fund the Salmon Ridge Trail system for 1 year? Would you believe \$33,792? That's what it took last year (see graph on next page).

Thanks to all the work of volunteers, the WA State Snow Park Program, and the NRTP grant all together, we make it happen. We should be very proud of maintaining these public trails because without the efforts of the Nooksack Nordic Ski Club, there would be no groomed trails.

Happily we can report that we are once again well funded for this upcoming winter. The Snow Park Program funding was boosted to \$12,926 (\$7,748 for grooming) and we have another \$16,000 over the next 2 years from National Recreational Trails Program.

SALMON RIDGE FUNDING 2012 -13

- WA State Sno-Park Program=9700.00
- Nat'l Recreational Trails Program=14023.91
- Volunteer Labor=9922.65
- USFS=145.76

Total Expenditures = \$33,792.32

Trail Maintenance (mowing, brush cutting, tree limb cutting) = **\$16,252**

Plowing = \$2178

Grooming = \$12,362

Sanicans = \$3000

These grants aren't free money though, it takes the commitment of volunteers to work on the trails as "match" to make this all possible. So far this year, volunteers have provided the equivalent of \$4,457 in labor.

Way to go!
