CHEAP SKI GEAR!

Fairhaven Bike has a “sale room” that contains a bit of remaining x-c ski gear. If it fills your needs, what’s there is priced to sell. There are broken sizes of kid skis and poles, NNN bindings that require the NIS plate, some Solomon bindings, and various boots that mostly fit women or larger kids. The boots look like a mix of NNN and NNN BC.

UP COMING MEETING

Due to the convergence of a number of unrelated circumstances, the **January 5, 2017** meeting (7:30 to 8:30 PM) will be a chance for newcomers to find out about skiing and the club, as well as a social gathering for long-time members. Discussion will take place on the grooming status at Razor Hone and upcoming ski trips. Hot drinks and a chance to socialize with fellow skiers will fill out the evening.

We hope to have volunteers present to hot wax your skis with fresh glide wax. (A modest donation to the club would be appreciated for this service.)

IS YOUR NNSC MEMBERSHIP CURRENT?

Dues are seasonal, with the 2015-16 season starting in September.

Benefits for \$30 single or \$45 per household include:

- “Snow News is Good News” Newsletter
<http://www.nooksacknordicskiclub.org/apply2.phpdelivered>
- Super trips and other activities, including some to foreign venues (Canada)
- Connecting with other skiers and snowshoers at meetings
- Joining approximately 90 other individuals or households in supporting local Nordic skiing and snowshoeing

There are several ways to submit an application, including on-line. If you’d like to use old fashioned paper and check, you can find a [membership form](#) on the NNSC web site, the last page of this newsletter, or at club meetings.

Sitting at your computer checking out the latest snow reports? While you are there, click on the NNSC web page <http://www.nooksacknordicskiclub.org> and renew your membership! From the **Membership tab**, select **Join / Renew**. Look for the link to the **Online Membership Form** and fill in all of the pertinent information.

If using the online form, you’ll have an opportunity to pay by PayPal after completing the form.

Using either method, please fill out the form completely. Sign on paper or electronically. Include all of your family on household memberships. And, remember to include your license plate number if buying a Sno-Park permit.

Why not fill out a form right now while you’re thinking about it? Or, come to the meeting on Thursday January 5th and pay then.

Jim Rhodes

BUY YOUR SNO-PARK PERMIT!

Don’t forget to buy a Sno-Park permit! You’ll need one to park at the Salmon Ridge Sno-Park, or across the highway at the Anderson Creek or Silver Fir campground, between Nov 1st to April 30th. You can purchase them through our ski club NNSC, or at REI, Back-country Essentials, or at Cross-roads Grocery in Maple Falls. Or purchase them on-line at:

<http://www.parks.wa.gov/winter/nonmotorparks/permits/> They are \$40 for a seasonal permit or \$20 for a one day permit, plus \$2 extra if you buy them through a retail store. It’s really a good deal. At other commercial or club ski areas each person has to pay a trail fee each time they go. For the price of one Sno-Park permit, you can load up your vehicle with friends or family and go to over 47 Sno-Parks for the whole winter. It’s really a good value for the money.

By buying a Sno-Park permit, you are supporting your community trails and ski club.

Sno-Park fees go into a dedicated fund which supports the WA State non-motorized Winter Recreation program. Proceeds are used to maintain and improve all the Sno-Park facilities throughout WA via Sno-Park grants. They pay for plowing out the Sno-Park, sanitation facilities, some of the trail grooming, signs, mapping, education, enforcement and program administration. This program is totally self sustaining. No tax payer money is used! Don't get caught without one; the fine is steep! Both the County Sheriff and the USFS do enforcement and education, so be sure to display your permit on your windshield.

When you go, we want your feedback. Please send your Nordic ski and snowshoe conditions reports to Pete Tryon at ski@tryonhayes.com so we can post them on the NNSC website to share with others. And if you see any trail obstructions, downed trees, etc... we need to know about these so we can go clear them from the trail. You can also give feedback on the condition of a Sno-Park directly to the WA State Parks and Recreation Commission, on-line at: <http://www.parks.wa.gov/FormCenter/Winter-Recreation-9/SnoPark-Onsite-Evaluation-Form-68>

Thank you for your help.

COOKIES EVERY MONTH!

Think ahead! This is a chance to have hot cider and cookies in a nice warm setting with your friends every month (during the winter...) Elections for the Nooksack Nordic Ski Club Board will take place at the annual meeting on Thursday, February 2nd. We have no formal nominating committee this year and we have two empty seats on the board. This is an opportunity to promote healthy, fun, outdoor recreation in Whatcom County. Feel free to nominate yourself or your friends, although you should check with them before doing so. If you send your nominations to the club (president@nooksacknordicskiclub.org) they will be printed on the ballot. Nominations made at the Feb. 2nd meeting can be written in.

There will be a board meeting before the Feb. 2nd general membership meeting on Monday, Jan 23rd. As always, these meetings are open to any interested members – stop on by and sample the cookies and experience a board meeting. Contact the president for details and a copy of the agenda.

NOOKSACK NORDIC SKI AMBASSADORS THIS SATURDAY!

The program is growing! Come join the fun of showing off our Salmon Ridge SnoPark for five Saturdays! We will be meeting at the Razor Hone parking area

every Saturday (December 31 to January 28) from 10 to 2. We will greet all comers with cups of hot chocolate, hot cider, coffee, and cookies and offer information about the club's activities. Assuming sufficient volunteers, we will lead groups out on the trails (ski and snowshoe), provide a few mini-technique lessons, provide a few items of loaner equipment (skate skis? back-country skis?). As of this writing, the prospect of beautiful snow continues! Our groomer plans on giving us fresh tracks for every Saturday. SnoPark passes and club membership forms will be available.

Our final Saturday (January 28th) will be the big event! The rumor mill has it that REI and Yeager's will partner in providing skis and boots for prospective skiers to try out. REI will add a couple of Nordic ski instructors to whatever club volunteers show up, a table with information about winter camping, and more food and drinks!

Do you have a Saturday free? Interested in participating? Have some ideas? The more volunteers we have, the better the job that we can do and the more fun we can have. Send Pete Tryon an email at president@nooksacknordicskiclub.org (or ski@tryonhayes.com) or if nothing else, show up on Saturday and join us.

USFS ROAD 37 TRIP REPORT

Hi, I'm Tillie and I'm the boss. I'm writing this because I'm in charge. I'm on the left in the photo. My sidekick is Harry, aka "Oaf". He's bigger than I am now, but I can still flip him over if he gets out of line.

We had a GREAT day

Dec 12th on FR-37, the road to Skyline Divide.

On the way there, Harry kept reaching over and licking Daddy's ear because road conditions were kind of slippery it seemed. I think that's why we stopped just past Glacier.

There was lots of snow, birds to watch, and brush to explore. Sometimes we ran down the tire tracks on the way out, which were kind of nice for us.

We've been to off lead dog school and as long as we refrain from chasing the local resident critters and return promptly when called, the leashes stay in the pack.

After several miles we finally got our dog cookie lunch and some fresh water. It was a pretty spot with a nice view of the rushing river.

Sometimes you could hear cars on the highway across the river, but it was really quiet on our side of the river. We saw one flatbed pickup with a nice driver

and two snow shoers with a little dog that were all really nice, too.

On the way back, we ALWAYS just use our noses and follow the tracks Daddy made on the way out. Isn't that what ski tracks are for, to provide evidence of the return route and easy travel? Here is photo, evidence of me caught in the act of destroying ski track with 4 feet. Ooops.

We're always ready for an outing. A week later we got to go down Hannegan Rd. to the Nooksack Cirque trail head and then take a whole bunch of side trips into the brush. Harry fell in a creek, but that's another story.

Jim Rhodes

EDUCATING THE PUBLIC

One of the obvious differences between our trail system and those of our Canadian friends is the constant abuse our trails receive from non-skiers who don't stay off them. I have often wondered why this happens and believe it is largely due to ignorance and the American attitude that whatever is not prohibited is permitted. "I didn't know I should stay off the ski trail" is the most common response I hear when I remind non skiers that this trail is for skiing. Our club has gone to great lengths to assure skiers a good experience. The snow conditions at our lower trails is spotty at best, so when finally a good snow cover falls, it can be frustrating to find that the other

winter recreationists gravitate to our trails like cows to a garden with no fence. No doubt a great part of this problem is the multi-use status of our trails. We cannot tell dog walkers, snowshoes or the general public that they need to stay off our trails because the legal realities dictate that we are not allowed to do so. As a result we have developed snowshoe trails and provide one trail of our four trails for dogs. Hannegan Road is a dog friendly groomed trail for skiers who wish to bring their dogs. Woof!

I also believe that the Canadians are more aware of the realities of winter sports and that their ski trails receive more attention from their ski clubs, which are almost always larger than ours. A small club such as ours cannot provide the same level of service and maintenance as a club ten times larger. As a result we will always be challenged to provide a first class ski opportunity. I would urge our members to educate the public whenever we meet them messing up the trails. Explain to them the effort that goes into maintaining a cross-country ski trail and tell them about the alternative that we have provided for them. While it may seem that the supply of non-skiers is endless, the reality is that we are the teachers and it is our responsibility to educate the public in a positive manner so that all parties can enjoy the snow.
